Performance Notes

- **Face Protection:** Designed to help protect against flying particles, liquid splashes and airborne debris.
- **Adjustable Fit:** Ratchet headgear provides secure and comfortable adjustment for different head sizes.
- **Optical Clarity:** Clear polycarbonate visor delivers excellent visibility with minimal visual distortion.

Dust & Splash Protection
Block splashes and prevent dust particles.

SecureHold™ Retention System
Keep the helmet stable, comfortable and properly positioned.

Wide Field of Vision
Provides clear panoramic visibility for safer working environments.
